Big Time's 28-seat theater can handle standard and high definition screenings.

We feature the following decks: Sony SLV-760HF ½" VHS, Sony VP-9000 ¾" U-Matic, Sony UVW-1800 Betacam SP, Sony DSR-2000A DVCAM, and Sony DVW-A500 Digital Betacam. You can bring in any deck or output device that provides analog component output. Resolutions up to 1440 x 1050 are supported.

We feature an Optoma ER772 3500 lumen, 2300:1 contrast ratio DLP projector for a superb video image. A Lumagen video processor enhances picture resolution from 480i to 1080p

The screen measures 13.5 feet on the diagonal in 16 x 9 aspect ratio.
