Big Time's 28-seat theater can handle standard and high definition screenings.

We feature the following decks: Sony SLV-760HF ½" VHS, Sony VP-9000 ¾" U-Matic, Sony UVW-1800 Betacam SP, Sony DSR-40 DVCAM, and Sony DVW-A500 Digital Betacam. You can bring in any desk or output device that provides analog component output. Resolutions up to 1920 x 1440 are supported.

We feature an ElectroHome 9500LC 3 Gun CRT projector for a suburb video image. A Lumagen video processor enhances picture resolution from 480i to 1080i.

The screen measures 10 feet on the diagonal.
